06	01	05
WEEKS	HOUR ONLINE / WEEK	TRAINEES / YEAR

ONLINE TRAINING
One 1-hour session every week

FACTORY VISIT
One-day visit offered separately

ABOUT THE PROGRAMME

Designed for aspiring exporters and entrepreneurs, this programme introduces export processes, documentation, product development and practical manufacturing operations through short online sessions, guided self-study and mentorship.

SIX-WEEK LEARNING PLAN

One online session each week

01	**International trade basics** Export process, IEC registration and overseas markets
02	**Product development & costing** Product selection, samples, quality and export pricing
03	**Documentation & compliance** DGFT, invoices, packing lists and shipping bills
04	**Manufacturing & quality** Production workflow, quality checks and export packaging
05	**Logistics & payments** Freight, customs, Incoterms and export payment terms
06	**Finding international buyers** Buyer outreach, quotations and a practical Q&A
